

Installation Hardi OfflineCatalog (D5)

1. Log into your agroparts account at www.agroparts.com

2. Click on the **Hardi** logo.

3. Click the **Documentation** menu.

4. Click **Recovery DVD**.

5. Tick the box for the Hardi brand, then **Download** at the top (not public download).

6. Once the download is complete open File Explorer  click the **Download** folder> **Hardi** > **Setup**. This may take some time. Next select the language and **Install**.

7. Once the installation is complete, go back to your agroparts account and in your **User menu**, select the **Offline Catalog licences** link to assign licences to users. **Note**: this can **only** be done by any users with agroparts *administrator* rights.

8. All each Hardi EPC user needs to do (following the next Hardi EPC update) is enter their www.agroparts.com login credentials (i.e. exactly the same ones they use to login to the www.agroparts.com website) the next time the Hardi EPC starts. These credentials are then stored for future, but they will be re-checked from time to time. Full instructions will be provided with the update.

The image shows a screenshot of a web form with the following elements:

- A text input field labeled "Log-in name".
- A password input field labeled "Password".
- A section titled "Proxy authentication - optional" containing:
 - A text input field labeled "User".
 - A password input field labeled "Password".
- Two buttons: "Cancel" and "Save".
- A blue hyperlink labeled "Privacy" below the buttons.
- A large empty rectangular area at the bottom of the form.
